Zhone Technologies Inc. (NASDAQ: ZHNE) is a global leader in multi-service access network (MSAN) solutions, serving more than 700 of the world's most innovative network operators. The company offers the industry's only fully-integrated portfolio of MSAN, FTTx, EFM and Wi-Fi access technologies, enabling a full suite of services, including residential and business broadband, VoIP, and High-Definition IPTV. Zhone's converged multi-service access platform helps operators rapidly deploy premium services using copper, fiber, and wireless while improving network agility and reducing costs. Based in the United States, Zhone is the only vendor in the field whose MSAN platforms are all manufactured in the USA, and our facilities are emission, waste-water and CFC free. www.zhone.com
