**TO:** PTA Member Companies  
**FROM:** Steve Samara   
**RE:** PTA Committees

PTA is currently working on updating its Committee Lists. Please review the attached and let us know if you are interested in participating on any of these committees (you are welcome to participate in more than one committee). Also, if there is someone listed on a committee and they are no longer in your organization or are no longer the contact for a committee please let us know.

The PTA Committee structure is designed to provide member company representatives with timely updates on Legislative/Regulatory/Industry Issues, as well as solicit your perspectives on critical matters. It truly serves a vital role in the policy making function of your association.

Our committees can only work effectively if we have participants available for conference calls. Most committees have a conference call once a month however, some only have calls on an as needed basis. PTA staff performs the administrative tasks of setting up calls and distributing agendas, minutes, etc. All we need is your participation! If you would like additional information on a particular committee please contact our office.
