TO: PTA Member Companies
FROM: Steve Samara 
RE: PTA Website – Active Member Login

Please note that PTA is changing the Username and Password for the Active Members Section of our website. We are going to be using a universal username and password for all Telephone Company members. Although current username and passwords will continue to be available through March of 2010, you should begin using the new one as all old passwords will be invalid at the end of March. We will change this username and password annually to ensure information is only accessible to active members of PTA.

Remember to check out the Active Member Page frequently as it does change on a regular basis. This is a good source to receive current and past Member Bulletins, Committee Information, and Issue Briefs. PTA is always looking for better ways to serve its members, so if you have other information you would like to see listed on this private section of our site please feel free to send your comments/suggestions.

New Username: Active

Password: pta2010
